Sir

We are happy to receive your letter and enclose our account. The account has been already sent to Gro. Olyphant several times in its various stages and our Collector has several times been at Princeton but could never find any one to pay him. We have discontinued the paper. The price we charge you is barely cost of paper and printing and it is indispensible that the terms originally agreed upon of a down payment should be complied with. We have stopped the paper again and if the enclosed bill with the year to come is promptly remitted it will continue to go, otherwise it will be discontinued next week.
